

## PVG Presse-Vertriebs-Gesellschaft

Frankfurt am Main, 2004 - 2005  
Industrial buildings, Office/administration buildings

Presse-Vertriebs-Gesellschaft (PVG) planned a new building that would unite all its Frankfurt branches in the ?Am Martinszehnten? business park north of Kalbach in Frankfurt am Main. It is bordered by public parks on three sides. The purpose of the building was to combine PVGs fields of business - print media-related warehouse logistics and administration - under one roof. With a fixed budget set by the developer and a desire for the greatest possible flexibility a logical solution was worked out together with the main contractor in only 16 months from start to the end of construction.

## PVG Presse-Vertriebs-Gesellschaft

Frankfurt am Main, 2004 - 2005

Industrial buildings, Office/administration buildings

### Technical details:

Client: PVG Presse-Vertriebs-Gesellschaft KG
