

The Future of Frankfurt's Municipal Performance Venues

Frankfurt/Main
Listed buildings, Cultural buildings

In order to review the outcome of an investigation into the future of the city's municipal performance venues (theatre and opera), the City of Frankfurt appointed a validation team under the leadership of schneider+schumacher. Here schneider+schumacher was supported by Theatre Projects (stage planning, London), ARUP (building services and fire protection, Frankfurt/Berlin), B+G Ingenieure (structural design, Frankfurt) and LCEE (Life Cycle Engineering Experts, Darmstadt).

The validation team's primary task was to look into the suggestions for revised solutions proposed by the planners of the 2017 feasibility study.
