

Westhafen Area

Frankfurt am Main, 1999 - 2003

Urban design, Office/administration buildings, Residential buildings

The new "Westhafen" quarter is one of the most interesting and attractive new urban developments in Frankfurt due to its central location and being right on the river. schneider+schumacher developed main parts of the master planning and executed four of its key buildings (Westhafen Tower, House, Bridge Building and Pier) at both ends of the site.
